

Mechanical Engineer

We are looking for an experienced mechanical installer to efficiently undertake a variety of plumbing tasks ranging from fixing leakages to fully installing a variety of plumbing, heating, and ventilation systems.

A successful plumber must have a thorough knowledge of hydraulic systems. They are patient individuals with a practical mind and manual dexterity, able to work efficiently with great attention to detail.

The goal is to install and maintain well-functioning systems that transport water, waste, gases or hot liquids in line with statutory legislations.

Company Overview:

Elite Renewables is a leading provider of renewable energy solutions, specialising in the design and installation of renewable energy systems and general Mechanical & Electrical (M&E) systems for both domestic and commercial clients. Our mission is to deliver high-quality, sustainable energy solutions that meet the needs of our clients and contribute to a greener future.

Key Responsibilities:

- Install heating and ventilation systems to provided drawings or as instructed
- Install all types of plumbing pipework and associated heat sources including ASHP's, cooling and MVHR
- Working from site to site independently and reporting to the Mechanical Supervisors and other Department Heads as required
- Maintain excellent time keeping practices.
- Aim to achieve performance goals, targets and deadlines set out by upper management so as to ensure the objectives of the company are met
- Must be reliable and have a professional manner as you will be working directly with clients
- Working in a safe manner at all times and adhere to method statements

Qualifications & Experience

- Have at least 5 years of experience as a Mechanical Engineer / Plumber
- Plumbing NVQ Levels 2 minimum & 3 preferable
- Be able to demonstrate competency.
- Knowledge and background of key installation products and installation equipment.
- Clean UK Driving License
- Be able to demonstrate Continued Professional Development (CPD)

Remuneration & Benefits

- Monthly pay with salary negotiable for the right applicant
- 28 days paid holiday inc. bank holidays
- Company van and fuel card – Discretionary
- Pension scheme after passing probation period
- Entry to employee of the month.

How to Apply: Please submit your CV and a cover letter outlining your suitability for the role. We look forward to welcoming a passionate and skilled professional to our team at Elite Renewables.
